Who We Are

Austorah Taibah Contracting Company was established in 1435 AH/2013 AD in Al-Madinah Al-Munawarah, Saudi Arabia. It began its operations in construction and electrical works, then expanded its activities and departments to include the sectors of occupational health and safety, maintenance, operation, metals, education, and training. The company owns various assets and facilities and delivers its services and projects through an integrated and harmonized system of highly qualified and competent human resources in all sectors, enabling the organization to meet the requirements of different projects. With the blessings of Allah, the company has achieved numerous successes and accomplishments in a short period, earning the trust of clients and success partners for consecutive years. We are known for our commitment to deadlines, quality performance, and keeping up with innovation.

Our Vision

To be among the leading companies operating in the contracting sector in the Kingdom of Saudi Arabia and to be the preferred and trusted choice for all clients locally, regionally, and globally.

Our Objectives

- Providing comprehensive and diverse services in the fields of contracting, maintenance, operation, education, and training that meet the needs of clients.
- Expanding our customer base in the Kingdom of Saudi Arabia and then expanding outside the kingdom.
- Actively contributing to the urban development and enhancement of our competitive position in the job market in the Kingdom.

Word from the General Manager:

Our beginnings were a dream, which then became a reality by the grace of Allah Almighty and the dedication of the sincere employees at Austorah Taibah Contracting Company. We have overcome challenges and achieved success after success, after being honored to be in the blessed city of the Messenger of Allah, peace be upon him. Austorah Tayba has contributed to the urban development witnessed by the Kingdom of Saudi Arabia, and our goal has always been to lead in project execution and the development of infrastructure, electrical works, metal works, construction, operation and maintenance, security, and safety. We have also established Austorah Tayba Education as one of the beacons of education and training in the Kingdom, by the will of Allah.

We have been keen on continuous improvement to enhance the company's efficiency through strategic and managerial policies and plans. Our aim is to actively contribute to enriching our community and gaining the trust of our clients, by firmly adhering to the principles of credibility, professionalism, and commitment, under the motto of "Diverse Innovations, Boundless Ambition."

Since the inception of Austorah Tayba, our reputation and the satisfaction of our clients have grown through delivering quality performance across all levels. They are the foundation of our success and a source of pride for us. Behind all of this is a team working with one spirit, where each member has a strong sense of responsibility and strives to provide the best possible outcome. Today, at Austorah Tayba, we present ourselves in a new form, with a beautiful appearance and new concepts, reinforcing our principles based on making quality the only choice with no alternatives, to provide the best services to our clients who believe in our capabilities and trust that we fulfill our obligations under all circumstances, with the confidence that the results they obtain will exceed their expectations, Allah willing.

May Allah Almighty grant us success to always move forward with His assistance and generosity, as He is the Guardian and the Able.

Our Mission

Our mission is to establish exceptional partnerships with a range of government and private business sectors, utilizing our highly skilled and efficient human resources, and excelling in delivering the best work through our companies: Austorah Taibah Contracting, Austorah Taibah Industrial, Austorah Taibah Security and Safety, and Austorah Taibah Educational. We aim to achieve the highest levels of customer satisfaction in line with the vision of the Kingdom of Saudi Arabia 2030.

Our Values and Principles

We strive sustainably to apply the concept of renewable creativity and comprehensive quality in all our companies: Austorah Taibah Contracting, Austorah Taibah Industrial, Austorah Taibah Security and Safety, and Austorah Taibah Educational. We provide innovative solutions to embody an effective partnership that achieves success and complete customer satisfaction. Therefore, our most important values and principles are:

- Transparency - Reliability – Integrity – Responsibility – Teamwork - Quality

Our Motto

Diverse Innovations, Boundless Ambition.

Our Experience

Austorah Taibah has gained extensive experience and a wide reputation as a company that has executed numerous constructions, electrical, security and safety, maintenance, operation, and metal projects. The company launched strongly in 1435 AH, relying on a strong foundation of exceptional expertise, intellectual and creative capabilities, and highly skilled human resources. Through our commitment to quality, we have achieved remarkable successes, and the company continues to evolve. Our latest addition is Austorah Taibah Educational, which we established with the best human resources. All of this has solidified our competitive position and made the company a well-known name in the market.

Quality Policy

Austorah Taibah places a strong emphasis on quality, with every employee in the company committed to maintaining the highest levels of quality in all processes across different company activities. The company has executed a significant number of projects using the latest global technologies and adhering to the highest quality specifications and requirements. Recently, the company's management has implemented administrative reorganization and restructuring, including the establishment of new departments, one of which is the Quality Department. This department is responsible for monitoring all procedures within the company and adopts the principles of comprehensive quality to apply the highest standards in management systems.

Our Human Resources

Since the beginning of Austorah's journey in 1435 AH, we have recognized that our employees are our most valuable asset. They are the vital energies that achieve leadership and success through their dedication and commitment to achieving the principle of quality in the smallest details. They have played a significant role, after the grace of Allah, in bringing us to where we are today. Our policy in recruitment is based on hiring individuals with high professional, technical, and managerial skills, through which we achieve excellent performance to continue developing and expanding our work and projects.

Each individual in Austorah plays a fundamental and effective role in an integrated work system characterized by harmony, cooperation, and commitment. Our employees possess a high level of knowledge and creativity, focusing their efforts on working with high quality and meeting customer satisfaction standards. They support the partnership between us and our clients, creating growing opportunities for all the partners within the system.

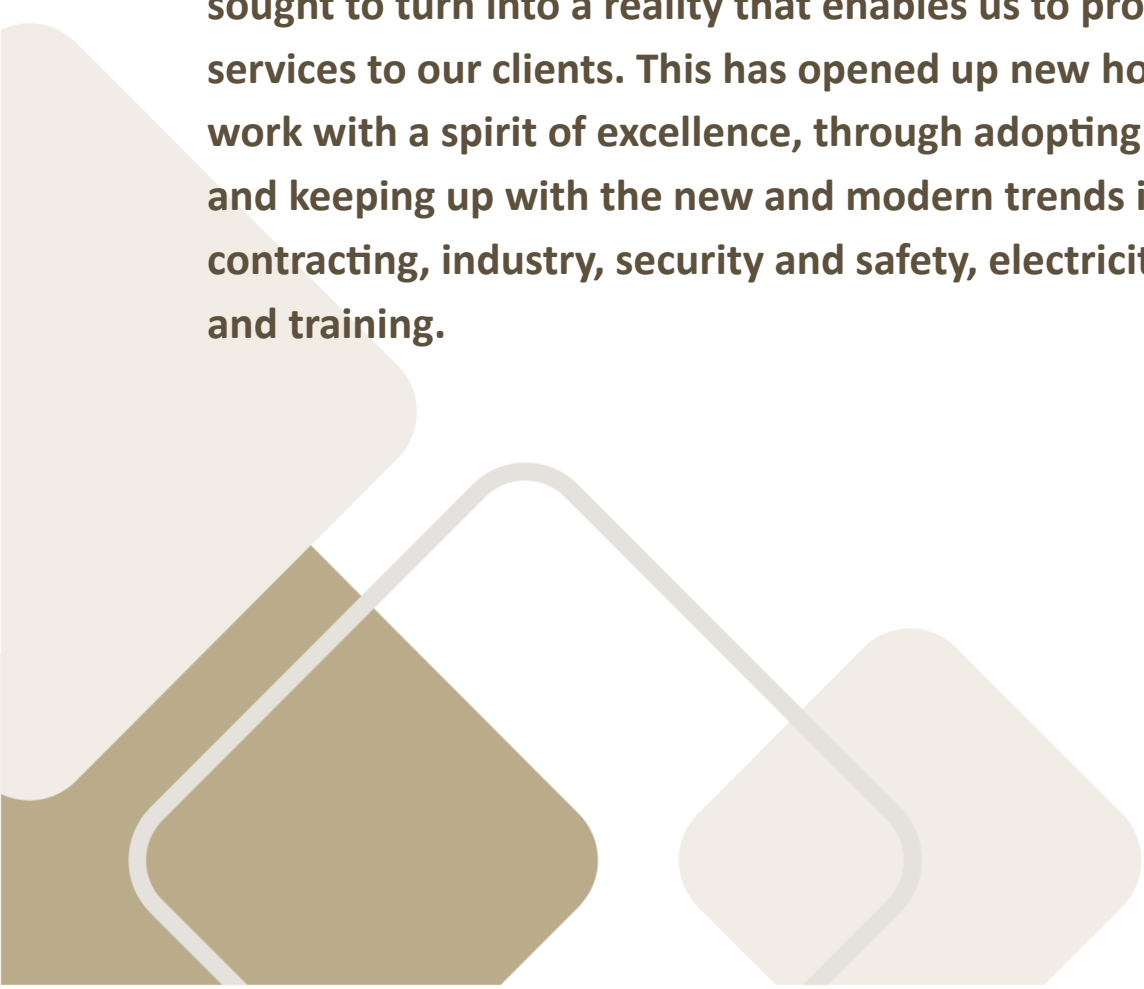

What Sets Us Apart

Why Austorah Taibah?

Because our work bears witness to our distinction over a decade, and our achievements tell our story and testify to our excellence. The chapters of success are continuous and renewed every day, and they will extend to cover every corner of the kingdom, God willing.

Our Aspirations

We constantly strive for excellence, which the company has always sought to turn into a reality that enables us to provide the best services to our clients. This has opened up new horizons for us to work with a spirit of excellence, through adopting a quality policy and keeping up with the new and modern trends in the fields of contracting, industry, security and safety, electricity, education, and training.

Our Services

Mining Services at Ma'aden Al-Sanaiyah

These services are related to electricity, including the supply and installation of medium and low voltage cables. We also construct electrical control rooms, replace old and faulty electricity meters with smart meters, install electrical circuit breakers, and carry out necessary electrical installations.

Construction Services

We offer a wide range of essential, challenging, and hazardous tasks. This may involve site clearing and preparation, scaffolding and formwork construction, building supports and structures, operating concrete mixers, rock drilling machines, saws, drills, and Construction of metal roofs (Hangers).

Infrastructure Services

We have several proposed plans for building and maintaining facilities, systems, services, road excavation, and constructing new power generation stations. We also provide maintenance for sewage networks and supply and maintain water networks.

Concrete Services

Manufacturing, supplying, delivery, and installation of pre-stressed concrete beams, double-wall panels, precast architectural elements, and other precast concrete elements. This includes providing the necessary equipment and machinery for these types of works.

Our Services

Camera Installation and Networking Services

Installation of surveillance cameras at various locations and connecting all communication devices such as landlines, faxes, etc., in all offices. Creating an integrated network, maintaining it, and monitoring it.

Equipment and Machinery Rental Services

Providing equipment and machinery of all types and sizes, from excavation works to power generation, and from power generation to portable tools, mining equipment, transportation, logistics services, and related services.

Our Services

Maintenance Projects

Maintenance of equipment and machinery to keep the facility in efficient operating condition, or to preserve the condition of the property, or to restore the property to a sound condition after long-term use.

Operations and Logistics Services

Logistics operations are an essential part of supply operations, referring to the process of transporting finished goods from the manufacturer to the end-user. It encompasses inventory management in e-commerce, order fulfillment, and shipping

Our Collaboration

Ma'aden Al-Sanaiah

Ma'aden Al-Sanaiah is one of the fastest-growing mining companies in the world and the largest mining and product supplier in the Middle East. Ma'aden Al-Sanaiah, a subsidiary of Ma'aden, currently focuses on extracting three industrial minerals: Low-Grade Bauxite (LGB), Kaolin, and Calcined Kaolin (CCM). These products are exported to Ma'aden's subsidiaries and global companies.

The modern industrial minerals sector has consistently and steadily grown since the start of Low-Grade Bauxite production in 2008, followed by Kaolin and Calcined Kaolin production in 2011, experiencing sustained annual growth since then,
